

The background of the image is a dense pattern of various tropical leaves in shades of green, ranging from light lime to dark forest green. The leaves include large monstera leaves with characteristic holes, palm fronds, and other broad-leafed plants. The overall effect is a lush, naturalistic jungle aesthetic.

# College & Career Preparation

- 18 a-g approved courses now taught on campus
- Extensive online honors/AP & elective/career-prep options**
- 10,000+ instructional minutes annually *beyond minimum requirements*
- 14 hours annually of professional development specific to continuation high school and at-promise student population**
- College & Career Coordinator (part-time)

Proposal for an **Alternative Program of Choice**;  
a division of Alta Vista High School

# Vista College & Career Prep:

*A personalized high school experience  
characterized by academic rigor and career preparation*

## A Vista Prep Student Would:

- be on track** for graduation, or aiming for **early graduation**;
- apply and **enroll voluntarily**;
- have completed a **minimum of (1) semester at AVHS** prior to acceptance;
- be enrolled in **college-prep coursework** across subjects;
- by senior year, be **bound for four-year college** (directly, or as community college transfer)
- participate in career training**

## Vista Prep creates:

- structure for voluntary enrollment for on-track and/or advanced students
- a small, personalized high school experience characterized by academic rigor and career preparation
- academic distinction for small number of students choosing to: 1) stay at AVHS while applying to four-year colleges; and/or 2) graduate early.
- advancement & recognition within AVHS

# What would change structurally?

-AVHS will continue to increase in-seat college-prep course offerings

-We would reformat transcript notation, similar to Foothill Middle College Program notation

-We would continue to grow toward CTE

Pathways and Adult-Ed collaborations

-School Profile creation for four-year colleges
